Dear Gail,

The New Year is once again upon us so on behalf of the children and families of Crisis Nursery; I want to thank you for your continued support of our services through the generous donation of nutritional drinks. Please know that your support will enable Crisis Nursery to provide help and hope to the many families in our community that once again find themselves in crisis.

The past year has continued to pose many challenges for our community, our country and for all of us at Crisis Nursery. The prolonged down turn in the economic has had a continual impact on our funding from government, the private section and individuals as we have seen the need for our services grow. With support and help from individuals like you Crisis Nursery will make a difference in the lives of over 1200 children and their families in the coming year.

Without the support of our community, none of the services that we provide to help children and their families break their own cycles of child abuse and neglect would be possible. On behalf of all of them, thank you so much for helping provide a future full of possibilities.

Our best wishes for a brighter 2012!

Sincerely,

Natalie Miles-Thompson
Director of Resource Development
